

2025 Democratic State Convention Delegate Allocation

The composition of the Delaware Democratic Party's State Convention is outlined in Section 3.2 of the State Party Rules. Delegates are allocated by each dividing district's "Composite Democratic Strength" by 750. The Composite Democratic Strength of a district is determined by adding the number of registered Democrats at the time of the last General Election to the average vote total of Statewide Democratic candidates in the same election and then dividing by two. State Convention Delegates must be elected in March 2025 (Section 3.3 A).

Subdivision Allocation
